Chapter 2 Conceptual Frameworks for Financial Reporting

K. Problems

P2-1. Suggested solution:

Three reasons for having a conceptual framework for accounting standards include the following:

1. The framework helps to organize the numerous concepts that financial statement preparers and users have found to be important.
2. The framework provides general guidance for standard setters when they deliberate new standards or changes to existing standards.
3. The framework helps financial statement preparers to choose among accounting alternatives when such alternatives exist.

P2-2. Suggested solution:

Concept	Demand	Supply
a. User needs	→	
b. Measurement criteria		→
c. Assumptions for the preparation of financial statements		→
d. Objectives of financial reporting	→	
e. Definitions of the elements of financial statements		→
f. Recognition criteria		→
g. Constraints		→
h. Desirable qualitative characteristics	→
